

**The list of fields of study and specialties that foreign citizens CAN NOT study**

11.03.01	Radio Engineering	Institute of Radio Electronics and Information Technologies
11.04.01	Radio Engineering	Institute of Radio Electronics and Information Technologies
11.03.02	Infocommunication Technologies and Communication Systems	Institute of Radio Electronics and Information Technologies
11.04.02	Infocommunication Technologies and Communication Systems	Institute of Radio Electronics and Information Technologies
11.03.03	Design and Technology of Electronic Means	Institute of Radio Electronics and Information Technologies
11.04.03	Design and Technology of Electronic Means	Institute of Radio Electronics and Information Technologies
11.03.04	Electronics and Nanoelectronics	Institute of Physical and Chemical Technologies and Material Science
11.04.04	Electronics and Nanoelectronics	Institute of Physical and Chemical Technologies and Material Science
11.05.01	Radioelectronic Systems and Complexes	Institute of Radio Electronics and Information Technologies
12.03.01	Instrumentation	Arzamas Polytechnic Institute
12.04.01	Instrumentation	Arzamas Polytechnic Institute
14.03.02	Nuclear Physics and Technologies	Institute of Nuclear Power Engineering and Applied Physics n.a. academician F.M. Mitenkov
14.04.02	Nuclear Physics and Technologies	Institute of Nuclear Power Engineering and Applied Physics n.a. academician F.M. Mitenkov
14.05.01	Nuclear Reactors and Materials	Institute of Nuclear Power Engineering and Applied Physics n.a. academician F.M. Mitenkov
14.05.02	Nuclear Power Plants: Design, Exploitation and Engineering	Institute of Nuclear Power Engineering and Applied Physics n.a. academician F.M. Mitenkov
17.05.02	Small Gun, Artillery and Rocket Arms	Institute of Manufacturing Technologies in Machine Building
24.05.07	Aircraft and Helicopter Engineering	Institute of Transport Systems
